### Partnering Grants

Partnering grants aim at transferring or exchanging knowledge and expertise between two or more organisations in Member States, Norway and Iceland. By stimulating joint initiatives between these countries, this new grant type will support EFSA's efforts to build the EU's scientific assessment capacity and knowledge community. Partnering grants cover all areas of risk assessment that fall within EFSA's remit. The maximum duration for projects under the scheme is two years.

**Total Budget € 600.000 | Opens 31.03.2017 | Deadline 15.09.2017 | [Link \[5\]](#)**

## Novo! Renovação do Painel Científico 2018

Em 1 de junho de 2017, a EFSA abriu o registo da renovação dos seus dez painéis científicos e do seu Comité científico. A EFSA está à procura de mais de 200 peritos independentes que irão realizar avaliações científicas e desenvolver metodologias de avaliação relacionadas.

A cada três anos, os painéis científicos da EFSA e o seu Comité científico renovam a sua adesão.
